HIDDEN GEMS - SPRINT 2 PLAN
FOR SPRINT ENDING: NOV. 4, 2016

The goal of this sprint is to finish what we couldn't do in sprint 1 and focus on the functionality of the Maps API. We would like to also work on the user interface on this webpage and have it fully operational by the end of sprint 2.

TASKS

- As a user, I would like to make a post about a location I've visited.
  - Have a pin drop illustration for location
    - Time estimation: 1-2 hours
  - Set up a thumbnail of description of the targeted area
    - Time Estimation: 3 hours

- As a user, I would like to be able to leave a feedback on a place that I've visited.
  - Set up a comment section
    - Time Estimation: 4 hours
  - User interface of comment section
    - Time Estimation: 2-3 hours

- As a user, I would like to include pictures for a location that I've posted.
  - Set up a section to post photos
    - Time Estimation: 4-5 hours
  - User interface of photo bucket section
    - Time Estimation: 3-4 hours

- As a user, I would like to save places I've been to so that I can keep track of them.
  - Set up a history/bookmark tab
    - Time Estimation: 4 hours
  - Set up user interface for zip code entering
    - Time Estimation: 3-4 hours
